Report Cantina Caverna in Lungern

Besides TOPAKUSTIK®, there are other lions of Lungern to explore: Europe's greatest indoor plant for shooting sport! Our guests of the english meeting tested actively in the evening this worldwide unique shooting cavern, which is also equipped with a restaurant. And of course the wall panelling in this hospitable cavity is realized in TOPPERFO® type CLOU – OAK veneered.

Alexis Heimlich – our new technician

Beginning of March, Alexis Heimlich joined our technician team. After two months of practice in our manufacture, he entered beginning of May the technical division. And as he is originating from the Alsace and speaks French as well as German and acquired joiner practice in manufacture as well as by assembling, he will primarily be in charge of projects in francophone areas. Good speed!

Product marking has been initiated

In our meeting we informed you about the product marking and initiated the realization beginning of April. We enclose in each consignment the TOPAKUSTIK® brand labels, with the guidance of application, and we label also our samples. We are convinced that you will follow up the labelling on site and therewith earmark our brand product.

Easy assortment has been equipped

The manufacture for our easy assortment proceeds and we dispose of already 2000 m² of easy planks in our warehouse. We enclose the actual plank stock, available within 1 – 3 weeks ex works, depending on the surface. We shall inform you weekly about the warehouse stock till our goal will be realized.

Report club-house Golf Club Sempachersee

We realized a very special creation for the club house of the Golf Club Sempachersee, 15 minutes off of Lucerne: a perforated flower design type TOPPERFO® M! The perforated (perforation Ø 20 mm) flowers are revealed by back lighting. The effect is amazing – judge yourselves!

Our plant will be closed on Ascension Da, Whit Monday and Corpus Christi Day

The following holidays will coming up soon:

Ascension: Thursday May 17, 2007 (we work on Friday May 18, 2007)

Whit Monday: Monday May 28, 2007
